2022

# Impact Highlights

OUR YEAR IN REVIEW

**ACE**  
agency for  
care effectiveness

## KEY CONTRIBUTIONS TO IMPROVING HEALTH OUTCOMES AND VALUE IN SINGAPORE SINCE INCEPTION

Delivered **about**

**\$690 million**

cost savings to the healthcare  
system

Improved access and  
affordability for selected  
medicines and medical  
technologies for **over**

**600,000\*** patients

*\*Estimated annual number of patients who can benefit from the subsidised medicines and medical technologies evaluated by ACE during the first year of subsidy listing*

## IMPROVING PATIENT ACCESS AND AFFORDABILITY

Around  
**110**

meetings conducted with vendors to secure better prices for selected drugs and medical devices.

## SUPPORTING GREATER ADOPTION OF CLINICALLY EFFECTIVE AND COST-EFFECTIVE TREATMENTS

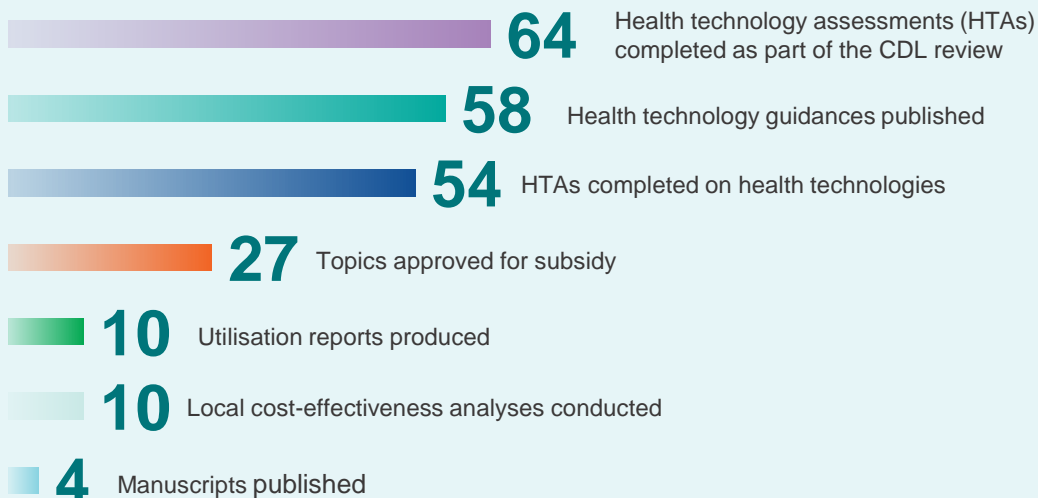

Supported the launch of MOH's **Cancer Drug List (CDL)** through evaluations and price negotiations, to help ensure the cost of cancer treatments and insurance premium remain affordable over time.

About **32,000**

implant models listed on Medical Technology Subsidy List (MTSL).

## DELIVERING HIGH-QUALITY PRODUCTS FOR OUR STAKEHOLDERS

## DRIVING ADOPTION OF EVIDENCE-BASED CLINICAL PRACTICE

Published

**19** Clinical recommendations across  
**4** ACE Clinical Guidelines (ACGs)

Established the

### Evidence to Practice Advisory Committee (ETPAC)

to ensure fair representation and review of topics for ACG development by public and private healthcare settings, and held inaugural call for ACG topic submissions.

**50** Collaborations  
with clinical experts on ACGs, and

**23** formal endorsements  
from professional bodies

Launch of

### electronic direct mailers (eDMs)

to raise awareness of and reinforce key clinical messages for **sustained practice change.**

## INVOLVING PATIENTS AND CARERS IN HEALTHCARE DECISION-MAKING

Collected

**82** responses from  
**10** patient organisations to inform  
**7** drug evaluations

Established the

### ACE Consumer Panel

to represent the collective voice of healthcare consumers and provide strategic advice to ACE on opportunities to strengthen patient engagement efforts.

Published

**57** Plain English  
Summaries (PES)

Co-Developed

**12** patient factsheets with  
**10** patient organisations

Developed **2 issues of CEE Updates** to share with patient organisations on recently published work and upcoming consumer engagement and education initiatives.

## ENABLING CONVERSATIONS AND APPRECIATION OF VALUE-BASED CARE

Inaugural **ACE Value-Based Healthcare Conference 2022** attended by approximately 600 healthcare professionals and administrators

Launched official ACE **LinkedIn** and **Facebook** social media pages

3 features in **The Straits Times** highlighting ACE's work and its impact on **healthcare affordability** in Singapore
